

MARY, QUEEN OF PEACE SCHOOL

MISSION STATEMENT

Mary, Queen of Peace school is an archdiocesan Catholic parish elementary school. Our mission is to cultivate each student's spiritual, academic, emotional and physical growth. It is through the study of the teachings of the Catholic faith and stewardship activities that we foster a community that lives Christ's Word. Our goal is to provide a safe, nurturing environment that encourages and creates a dynamic faith community among students, parents, faculty, and clergy.

CORE CURRICULUM GUIDE

The purpose of this guide is to provide a generalized outline of learning objectives and skills to school faculty, students, and parents.

Using as resources the curriculum expertise of the archdiocesan Catholic Education Office, national and state standards, the considerable talent of the school's teachers, and developed through prayerful and frank discussions, this guide will serve the school community well for many years.

Realizing that the science and art of education are continually evolving, the core curriculum guide is a living document - subject to review on a regular basis so that it addresses the educational needs of the students and provides a blueprint for the teachers as they develop and practice their individual instructional skills.

The core curriculum guide will be a framework for one of the most important goals of the entire school program - to develop in each student a desire and the tools necessary for lifelong learning that far outlasts letter grades or certificates of achievement.
